Introduction

Since 2003 IHB prepares a Corporate Governance Program and makes report on the corporate governance activities in its Annual Management Reports since 2003.

In October 2007 National Corporate Governance Code was accepted in Bulgaria. The Code was accepted by the Bulgarian Stock Exchange-Sofia. BSE-Sofia requires that the companies listed on the Official market should comply with the Code.

On 26 October 2007 IHB signed a declaration where IHB states that accepts the National Corporate Governance Code and will make its activities in compliance with its regulations.

The compliance of the Code is reported on the “comply or explain” principle, which means that the Company complies with the Code’s recommendations or the management explains

the reasons when the activities depart from or do not comply with the recommendations.

In this Report information on the applying the recommendations of the Code in IHB corporate governance is presented.

The actions of IHB management and employees are in direction of confirming the principles for good corporate governance, increasing the trust of the shareholders, investors and the stockholders and for encouraging the successful business activities of IHB.

The IHB management took a decision for developing a new up-to-day corporate governance strategy for IHB in conjunction with the latest international best practices. Now, after the acceptance of the National Corporate Governance Code, IHB will take actions in this direction.

ACTIVITY REPORT BY THE INVESTOR RELATIONS DIRECTOR OF INDUSTRIAL HOLDING BULGARIA PLC FOR 2008

Bogomila Hristova,
Investor Relations Director

Dear Shareholders,

The 2008 world economy fluctuations, which we witnessed, affected the capital market and the prices of shares of all public companies.

The uncertainty, lack of fresh cash and negative expectations resulted in investors' withdrawal from the market through mass wholesales of shares. In 2008, the shares of IHB became again one of the most liquid positions on the Bulgarian Stock Exchange /BSE/ among the shares of 350 companies, which is also a reason for the higher fall in their price.

Investor relations of IHB in 2008

In 2008, IHB continued the good policy in its investor relations. The effective communication between IHB and its investors, the regulatory authorities, the stock exchange, the Central Depository and the media has been always the main objective of this activity. The communication success is measured by the reputation in the circles of the investors' society and we are glad to announce that IHB enjoys a very good reputation. The positive assessment by the investors' society is also supported by the fact that IHB has always been named as an example for good public company.

The activity in 2008, as well as in the last several years, was mainly related to:

- Maintenance of effective communication with the investors' society
- Provision of sufficient information on the activity of IHB
- Organization of sessions of the General Meeting of Shareholders
- Administrative support and cooperation to the shareholders

- Assistance to the managing bodies in their functions performance
- Maintenance of effective communication within the Group of IHB

Effective communication with the investors' society

We, at IHB, have always tried to maintain effective communication with the investors and investors' society and considered it a two-way exchange of information - from IHB to the investors' society and vice versa. We respect the opinion of the investors' society about us and seek to receive feedback so as we may adequately act in the market.

We used the latest means in the field to achieve effective communication - printed annual reports, website, meetings with investors and financial analysts and maintenance of good relations with the media.

The information about IHB - thorough, accessible and provided in due time

In 2008, we continued to traditionally provide detailed information in the activity reports and share price sensitive information (the so-called ad hoc information). All regular reports of the Company required under the Law on Public Offering of Securities and the legislative acts on its implementation, i. e. quarterly and annual reports and consolidated quarterly and annual reports, were presented in due time. The reports were prepared so as precise and reliable information on the Company may be provided and full compliance with the applicable legal provisions may be ensured. All reports were published on the website of IHB immediately upon their publishing in the bulletins of Investor.BG and the Financial Supervision Commission /FSC/. In 2008, we established the practice of sending of messages containing sensitive information /IR releases/ to investors by e-mail following their publication on the website of IHB. The reports were published in English in short terms.

The 2007 Consolidated Annual Report of IHB was published in English in June 2008. Traditionally, it was prepared in compliance with the best international practices and the latest trends in the sphere of annual closure and it, once again, enjoyed a high evaluation.

Information about the events related to the activity of IHB and the Group's companies, considered sensitive to share price, was provided within the legal terms on regular basis.

The legal framework regarding the activities of public companies and information disclosure is constantly followed up and the new provisions are complied with.

Organization of the General Meeting of Shareholders

The regular annual session of the General Meeting of Shareholders of IHB was held on 30 June 2008. The General Meeting of Shareholders approved the Consolidated and Unconsolidated Activity Reports, the Registered Auditor's Report and the Financial Statements for 2007, exempted the members of the Management and Supervisory Boards from responsibility for their activities in 2007, voted the remunerations of the members of the Supervisory Board, elected KPMG Bulgaria a registered auditor for 2008, distributed the 2007 profit of IHB and made a decision on issue of convertible bonds. Following all statutory procedures, on 24 October 2008, the subscription of the 2008 issue of shares of IHB was successfully closed and a debenture loan of BGN 216 469 000 was concluded. On 20 November 2008, the first session of the General Meeting of Bondholders was held and Strahil Nikolov Vidinov was elected their representative.

Always at shareholders' disposal

IHB maintains loyal relations with its shareholders through due notification and assistance in relation to certain issues and problems. In 2008, the interest and inquiries on behalf of institutional investors, financial analysts and financial media continued. Investors were mainly interested in the risks faced by the companies within the IHB Group. In 2008, there were held meetings with the investors on their initiative or on the initiative of financial analysts and brokers and on the initiative of IHB in relation to the issue of convertible bonds. The meetings between professional and institutional investors and analysts and the Management aimed at presentation of information on the activities of the companies within the Group and the results of IHB, the risks facing the businesses of the companies and the issue of convertible bonds. The interest on behalf of small investors remained almost unchanged as compared to the preceding year and most of the issues raised were about the dividend distribution, the share trading, the decisions made by the General Meeting, the results and activity of IHB and the issue of bonds.

IHB maintains good relations with the media and always gives detailed responses to their inquiries.

I am glad to say that IHB is assessed by the investors' society and the media as one of the most transparent and accessible public companies in Bulgaria.

Administrative support to the managing bodies

In 2008, all sessions of the Management and Supervisory Boards were convened in compliance with the applicable legal provisions and the internal rules and regulations of the Holding. The invitations, containing the agendas and accompanied by relevant materials, were

sent to all members in due time. The session minutes taken are duly kept.

Cooperation for good corporate governance

In 2008, as usual, the Investor Relations Director assisted in the realization of the objectives and tasks of the Good Corporate Governance Program of IHB and provided support to the Management of the Holding in the realization of most events envisaged under the Program for 2008.

Effective communication within the IHB Group

The communication process accompanying the investor relations also includes exchange of information within the Group. One of my duties, in the capacity of Investor Relations Director, is ensuring an optimal information flow from the subsidiaries of IHB to IHB regarding the regular and ad hoc information on their activities. The organization and control of the information flow is still a great challenge with a view to provision of share price sensitive information by IHB to the society, FSC and BSE firstly and prevention of information outflow from the subsidiaries. This activity requires constant improvement and will remain a priority in 2009 in consideration of the ongoing introduction of higher requirements to information disclosure as well.

I would like to thank all Members of the Managing and Supervisory bodies, the Executive Directors and all Colleagues who contribute to the implementation of the loyal and effective investor relations policy.

2009 Outlook

The activity related to investor relations will be directed at maintenance of honest relations with the investors' society and be kept in full compliance with the best and latest international practices in the sphere of investor relations.
